Summary

Dedicated and adaptable professional with a solid foundation in business administration and a burgeoning passion for frontend web development. Recent graduate of Adekunle Ajasin University with a Bachelor's degree in Business Administration, leveraging comprehensive coursework in management, marketing, and strategic planning to transition into a career in technology. Proven ability to quickly learn new technologies and frameworks, demonstrated through hands-on projects in HTML, CSS, and JavaScript. Seeking to apply academic insights and practical skills in frontend development to contribute effectively as a Frontend Web Developer.
